Vaccinations – We are pleased to have completed three large scale winter vaccination clinics across our practice surgeries. This contributes to the majority of our vulnerable patient population having greater protection from winter illnesses. Thank you to our staff, volunteers and patients who enabled this. If you believe you are in one of the eligible groups and missed your vaccination, please call the surgery to find out about possible opportunities to get your vaccination.

Compassionate Companions Training - Have you got 1 hour a week to spare to support a person within your local community? People approaching the end of their lives need medical care for only 5% of the time - we aim to make the other 95% as rich and essential as possible. To find out more, please search this link (<https://www.compassionate-communities.co.uk>) or contact the team at bill.thompson1@nhs.net.
